A Sudden Call

The many friends of Miss Tillie O. Saboe were shocked on Saturday morning last to learn that she had departed this life early that morning at the home of Mr. A. Paulson where she was living. She was in her accustomed good health until late Friday evening when she was seized with a distressing cough spell, in which she burst a blood vessel in her chest. Medical assistance was at once summoned and everything possible was done to alleviate her suffering, but she succumbed about two hours after the accident. She was aged 19 years and 11 months and was the beloved daughter of Mr. and Mrs. Hader Saboe, of Heather Brae. She was a very popular young lady and was an especial favorite with all who knew her. The funeral service was held in the Lutheran church on Tuesday afternoon, the service being conducted by Rev. P. Almgren. The church was packed by sorrowing friends. The interment took place in the Heather Brae cemetery, the carriage leaving Wetaskiwin early Wednesday morning. The times join the many sorrowing friends in extending the deepest sympathy.

Safe in the hands of Jesus.
Safe from the tempter's trap;
Safe from the world's temptation,
Sweety has soul dual rest.

Demise of Fred Cummings

"In the midst of life we are in death," was brought very forcibly before the citizens of our town this week. Those who had not heard of the illness of Fred Cummings will be surprised to learn that he departed this life at 1:30 on Thursday morning of this week at the home of his brother Ben. He was taken ill on Wednesday of last week with pneumonia and the best medical attendance could not battle with the destroyer. He was aged 25 years and was a robust and promising young man. He was of a retiring disposition and was held in the highest esteem by all his acquaintances. He was a member of the Independent Order of Odd Fellows and whose auspices the funeral will be held. He was a brother of Mr. B. Cummings and a nephew of Mrs. Brock. Detailed arrangements for the funeral have not been made at this writing, but the funeral will likely take place on Saturday at the Wetaskiwin cemetery, service being conducted in the Methodist church by Rev. C. G. Cornelia, B.A., B.D. The Times joins the many friends in extending the deepest sympathy.

Curling and Hockey Notes

The Wetaskiwin Hockey team play the Edmonton senior team on their this Thursday evening.

In the first game of the series on Wednesday evening, Morgan's rink beat Gayler's rink by a score of 11-7.

A rink of Wetaskiwin curlers comprising: E. T. Jacob, E. P. Layton, H. D. Parris and R. L. Rushton, skated a Laconic aggregation on their ice on Saturday afternoon last and met defeat by a score of 11-10. On Monday morning a game was played with another rink which resulted in a tie the score being 7-7.

The Wetaskiwin hockey team journeyed to Laconia last Saturday to play the second game in the league series. The game was very fast from the start and the teams were so evenly matched that not a goal was scored in the first half. In the second half Laconio scored two goals and Wetaskiwin one, but a great many of the unbiased spectators are of opinion that the score should be 1-1 as one of the goals was under dispute for several minutes. R. A. Robertson of Edmonton was the referee and gave the last of satisfaction. The Wetaskiwin boys greatly improved in form since the first game and with constant heavy training will give their worthy opponents a hard fight in the usual guish which will be played here in about ten days time.

Judgement Again Reserved

At the supreme court held in Calgary on Tuesday, judgment was reserved in the case of Alywin vs. Robertson. This was an appeal from the judgement of Justice Scott, of Edmonton.

The point to be decided by the court concerned the wording of a whether or not the words used in the lease providing for the termination of the tenancy were applicable to the fixed term granted by the lease or to the indefinite tenancy provided for after the determination of the fixed term.

N. B. Beck, of Edmonton, appeared for the appellant and Geo. B. Henwood, of Wetaskiwin, for respondent.

New Elevator and Store

The farmers mass meetings held in the Swedish Mission church six miles east of Wetaskiwin on Friday last and in the Swedish Mission church, Red Deer Lake on Saturday were well attended, considering the unfavorable weather. After lengthy discussion a farmers union was organized and a committee was appointed to call and attend meetings at various points in the neighborhood of Wetaskiwin for the purpose of fully explaining the proposed scheme to all farmers. After this is done another joint meeting will be held for the purpose of electing officers. Those present were unanimous in their decision that the union should establish a farmers elevator and a farmers store in Wetaskiwin at the earliest possible date.

To Our Correspondents

Now that we are well into winter and the threshing completed, The Times would like to hear regularly from its numerous correspondents. Up till quite recently there was a considerable falling off in the amount of correspondence received. This was chiefly due to the fact that many of our correspondents were busy with their harvest and threshing. The long winter evenings will enable more time to be given to other matters. All items of interest will be thankfully received from our correspondents. We wish to have every community in the Wetaskiwin district represented and in any settlement where there is no regular correspondent, we would be obliged to anyone who would be willing to act for us. Any such offer mailed to The Times office will be thankfully received and dealt with by us. A good live correspondent is of great value to the district in which he resides, by keeping that district and its doings prominently before the public.

If any of our correspondents are out of correspondence paper, envelopes or stamps, a postcard to this office will bring them new supplies. Let us hear from all our correspondents at least once a week.

Important to Farmers

The following letter has been issued by Angus Mackay, superintendent of the Indian Head experimental farm, and is of the greatest importance to the farmers of this district:

"I have been receiving for some time back samples of wheat and oats from the northern part of Alberta, which have been more or less frosty. These samples are not confined to Alberta alone, as both Assiniboia and Saskatchewan have only too much of this sort of grain. A great deal of this injured grain will not be used for seed, and I would suggest, in view of the great risk your district in cures from using inferior seed, that every farmer be advised to send a sample of his wheat and oats to Dr. Saunders, Experimental Farm, Ottawa, to be tested for germinating powers. One hundred to two hundred grains is sufficient. Both letter and sample go free."

"I wish to draw your attention to the fact that the germinating power of ears is more easily injured by frost than that of wheat, and while to the eye they seem all right, for seeds they may be quite useless. From repeated tests made on this farm with sowing frozen seed, it has been found in favorable spring—that is, springs with plenty of moisture in the soil and warm growing weather—that frozen grain will germinate fairly well and give good returns; while in unfavorable springs, while the seed may germinate, the growth is slow in the early stages that the crop seldom escapes frost. Of course wheat or oats may be so badly frozen that they are totally useless for seed."

"As no one can tell whether this coming spring will be favorable or unfavorable, no settler should risk sowing inferior seed of any sort."

Our people are pretty generally at present nursing an attack of grippe and patiently watching for shinnock. The time is opportune as we are over the rush and root of threshing and well prepared to entangle grippe.

Mr. Groves who has been dangerously ill is convalescing under the skillful treatment of Dr. Robertson.

Mr. Lucas will shortly have his engine steamed up again prepared to grind feed for farmers far and near. After which he intends getting out a quantity of lumber and having it before the regular spring work.

Frank McElveen will strike out for his homestead sixty miles east next week. Frank is very popular and we fear weeping in the camp.

There has been quite an influx of population to the park this past year as the increase in the school attendance shows more sitting required.

This school is taught by Miss Bray and Inspector Perrett's report on her work, read at our annual meeting was very satisfactory indeed.

Rev. Mr. Bergen preached for Rev. Lemont Sunday afternoon. Very few were out as the day was so stormy, but those present enjoyed an excellent discourse.

Ottawa, Jan. 18.—Parliament will be summoned for March 3rd. The writs for the bye-elections will be issued almost immediately so that the new members may take their seats at the opening of the house.

HE FOLLOWED THE KING.

It was a Long Chase, but the Consul Was Tenacious.

"A curious thing occurred in one of the groups of islands of the south Pacific," said a Pacific coast federal judge. "I commanded a friend for the chase. He was appointed to the islands and he said he should reach his post at the earliest possible day, be sailed from San Francisco with the understanding that he would be held responsible if he did not. Well, the new consul sailed, and it was six months before he reached his station, dead from his exertions. There was no local magistrate and inquiry of the secretary it could not take the case. The secretary wrote him in his affirmative, and it was several months later when another letter came, this time by sailing ship, before going across the world. It contained a general information that the aforesaid king had in the meantime gone to an adjoining island and taken to the brush. Should he be held responsible? Again, he was given an affirmative answer. The archives of the state department will show that he eventually located this south sea island after a lapse of nearly two years from the date of his appointment, was fully qualified to enter upon his consulship."

Wetting a Wheel.

Once when Chief Justice John Marshall was driving in Virginia he found that the rear wheel of his carriage had slipped off. He didn't know a great deal about common affairs, for he had not lived much with the common affairs of life, but did know enough to get the wheel back on a wheel. So he came to a little branch and drove into it and got one little section of the wheel wet, then took out his pocket knife and cut the same part of the wheel went into the water again, and he pulled back and kept sawing backward and forward until the wheel was wet. While the judge was bethinking himself about how to get the wheel wet a negro came along and, seeing the situation, said he'd help him. He did so, and the negro took hold of the spokes of the wheel and, turning it around directly, had it wet all around. Judge Marshall said, "Well, what do you think of that?" The darky replied, "Well, some men just n'y have more sense than others anyhow."

Fire at Calgary

Calgary, Jan. 15th.—Early this morning Calgary experienced the worst fire in her history. The magnificent Norman Block owned by Senator Lougheed is a total ruin. The cause of the fire is not known but it started in the furnace room of W. Robertson's clothing store. At 12:30 a.m. Chas. Rouleau saw a great volume of smoke coming from behind the Norman Block and gave the alarm. The brigade turned out promptly and coupled their hose to the waterworks hydrants, turning many streams on the burning block. Acetylene gas in Robertson's store caused the collapse of Chief Smart, who had to be carried to the hospital. Just as it looked as if the fire had gained control of the fire and were confining it to that part of the block occupied by Glenville's dry goods store the water pressure gave out owing to failure of the engines at the power house. There was a delay during which the flames made great progress. The fire engines were secured and water pumped from a well beside the Molson's block. From Glenville's fire spread to Sales' Clothing store, then to Kerr & Kerr's grocery and then to J. Young's book store. It was 5:30 o'clock before the destroying element was under control.

DISTRICT NEWS

Gathered by our own staff of wide-awake correspondents.

Hillside

Intended for last week

Rev. A. D. Floyd conducted the usual Sunday service at the school house on Jan. 10th, with the exception of the sermon, in the place of which was read "The Epiphany Appeal for Foreign Missions," from the board of management of the Canadian Church Missionary Society. In this appeal the progress of Foreign Missions for the past year was duly recorded and the prospect for the coming year estimated. Some of the great principles and facts which demand our liberal support of Foreign Missions were lucidly placed forth. We quote a few of these.

—The one-ness, the independence, of the world requires us.

—In the one indivisible worth of the church the home and foreign branches seem to act and react upon each other.

III.—The possession of any truth and supremacy of spiritual truth, implies a responsible stewardship.

IV.—Above all the great compelling call, the marching orders "go ye into all the world" must be obeyed.

The remarks made by Rev. A. D. Floyd at the close of the appeal were both instructive and interesting. There was a good attendance.

On Saturday last a meeting of the ratepayers of the above school district took place at 10 o'clock when the following business was transacted. The school and balance sheet was read and after being freely discussed was passed. Comments were made on various items of expense including the secretary-treasurer's salary of \$18.

A list of names of the holders of land who have failed to pay their taxes was read to the meeting and was intimated in reply to questions that directly two years expired action for recovery of arrears would proceed.

A number of persons who are glad to avail themselves of the school opportunities are among the delinquents, also some who can pay it if they live and others who have been favored with all work that could be bestowed on them and for which they have been well paid, but whose motto is evidently "It is best to grab all you can and pay for nothing if you can get out of doing so."

The names submitted to the meeting for the position of trustee were: Messrs. T. W. Fetherston, March and Roberts. Mr. Fetherston was elected by a majority of 1 vote, the other nominees receiving an equal number of votes. Mr. Howes was the retiring trustee.

Schools for Judging Live Stock

The Territorial Department of Agriculture is arranging to hold a series of meetings of a new character that should prove very popular. They will take the nature of schools where horses, cattle, sheep and swine will be brought before the audience and desirable and undesirable points noted. The score card will be explained and used in judging and handling animals.

Experts have been engaged as teachers and lantern slides will be used at the evening meetings to illustrate typical and faulty conformations, as well as noted animals of different breeds.

Every young man on the farm should arrange to attend these meetings as it is very essential to have a correct idea of the proper type of animal he breeds and nowhere can this gain this knowledge so thoroughly and quickly as by attending one of these schools.

Schools will be held at Edmonton on Jan. 26th and Lacome, Jan. 28th and 29th. Don't miss them.

Why Do Women Suffer

Such pain and endure the tortuous suffering when a quarter-burn is the only remedy to relieve. Just a few drops of Nervine in sweetened water cures nervousness, removes palpitation and makes you feel better immediately.

Nervine can't be had except by prescription and should be kept in every home. It is good rub in for external pain and excellent for inward use. Sold in large 25c. bottles.

One of the Vildest Diseases

Is catarrh which first attacks the nose and throat and finally spreads all through the system. The one sure remedy is a strong dose of Catarrhzone which is sent by the air you breath direct to the root of the trouble. Mr. John MacLean, of Wetaskiwin, has for years treated catarrh and says, "In my long experience with this loathsome disease I never under any remedy seen such a rapid recovery as with Catarrhzone. When my nostrils were so stuffed up that I couldn't breathe, the inhalations of Catarrhzone was sufficient to clear away the mucus. I am perfectly well now and have no trace of the disease entirely." Use only Catarrhzone. Complete outfit \$1.00 trial size 25c.

CARE OF THE SICK.

The Treatment of Disease and One's Duty Toward It involves.

A written in the Saturday Review contends that wives and mothers have too much given up a precious service in surrendering the sickroom, even in the case of a serious disease. He says: "We have to face the fact that while there is great gain in trained and paid nursing, there is also a loss of character and energy which is hard to estimate. Is this loss in itself a benefit to all parties concerned? Personally I doubt it. If we are to be sincere, we must be honest in our treatment of the wife and I know many doctors will hear me out—that the growing habit of sending all cases, whenever possible, for nursing at some distance from home, is a serious evil.

Behind the purple biret.

The snow was deeply drifted
That lay for miles across me
And the camp for war, away!

How the snow-drifts came upon me
Will tell you as I go—
The camp for war, away!

I walk the midnight snow,
And the camp for war, away!

Something FOR NOTHING

A 24-Page Paper
Is Given Away
Every Week

We have made arrangements with the publishers of the Montreal Weekly Herald, whereby we can offer The Wetaskiwin TIMES and the Weekly Herald together, at the price of one paper, to every subscriber paying a year in advance.

This is an unprecedented offer—never made before and applies to new or old subscribers. But holds good only to subscriptions paid in advance. Subscribers who are in arrears can take advantage of this offer, by paying up the arrear's and a year in advance.

EVERTY SUBSCRIBER WHO RENEWS HIS SUBSCRIPTION TO THE TIMES, PAYING \$1 IN ADVANCE, CAN HAVE A COPY OF WEEKLY HERALD ALSO, \$1 PAYS FOR BOTH THE PAPERS.

Anyone whose subscription to The TIMES is already paid in advance and who wishes to secure the Weekly Herald, also may do so by sending us a dollar and having his label marked a year ahead.

If you are a subscriber to The Wetaskiwin TIMES you can get the Weekly Herald—a 24 page paper—absolutely free, by renewing your subscription now or later.

If you are not a subscriber to The Times, you can get both papers (either of which alone are worth the price asked) for one year for \$1 cash.

THE EARS.
Large ears, drooping at the top, belong to persons more animal than human. In human beings of low or debased mental standard the ears are large and fleshy. Note those of idiots, cretins, etc.

Ears in which the "hem" is fat, as if smoothed down with a scissor, accompany a foolish mind and cold, unromantic disposition.

When there is no lobe and the ear widens from the bottom upward, the owner is of a selfish, cunning and revolting disposition.

Large ears with a nest "team" around their border, well carved, not flat, indicate a strong will and a bulldog tenacity of purpose.

When the ear is oval in form, with the lobule distinctly marked, it indicates for its owner a lofty idealism, combined with a morbidly sensitive nature.

The person who has a small, willowy ear, top is almost without exception a boy with a plodding disposition and a nature that plies to love and be loved in return.

Mites That Sabotize on Scorpions.

Among the queer forms of animal life that inhabit Death Valley is a mite that has acquired such a taste for scorpions that it has learned to kill off the scorpion. The scorpion carries this formidable armament in the end of its slender, elongated abdomen in the shape of an inverted, very sharp hooked sting. When disturbed, it elevates this in the air and goes in search of its disturber. But it is comparatively weak and helpless, while it is most providential for their quickness in the world over. This mite learned many generations ago where the scorpion carries its weapon, and it has needed it ever since. It has learned to catch the scorpion and lift off its stinger at a single bite and proceeds to make a meal of his helpless prey. It is supposed to be the only animal that relishes scorpions.

Barashe.

A simple, harmless and infallible cure for earache is often made by making a small wad of paper or cotton and putting a ball of cotton of the size of a hickory nut with chloroform and dropping it into the funnel; place the small end of the funnel in the ear, draw a long breath and then blow a long breath into the large end of the funnel. The fumes of the chloroform are thus carried into the ear, and all pain ceases at once.

There are no necessities.

"Do you mean to say," he inquired indignantly, "that there never was a woman who could keep a secret?"

"Oh, not at all," he protested earnestly. "I am a contrary old fellow, Mrs. Corrigan—why?"

Corrigan—"Oh, I can't decide whether to look foolish and be uncomfortable or to be comfortable and look a sight."

Convinced.
Corrigan—
"I am always worried when I am buying new clothes."

Gordelia—"Oh, I can't decide whether to look foolish and be uncomfortable or to be comfortable and look a sight."

Convinced.

"A great deal may be said on the subject, and the point is this:

"That's all the way, author, is the one point on which you have convinced me."—Washington Star.

J. Stong returned on Monday from his business trip to Toronto. He reports that the weather in Ontario has been exceptionally severe with very deep snow.

The lumber for Mr. Matejka's new hotel, the Queens, Driard and Criterion hotels was furnished by the Rosehill Lumber Co. Ltd.

The Whites, magicians, gave a performance in Angus Hall on Monday evening. Those who were present report that the show was not up to the standard.

Victor E. Thompson and bride returned on Monday's train from the east. They were accompanied from Calgary by Mr. Thompson's brother, who is visiting friends here.

Rev. N. J. L. Bergen, of Red Deer, preached in the Baptist church last Sunday evening and delivered an excellent address. He was accompanied on his visit here by Mrs. Bergen.

* Miss Star of Ottawa will open a millinery store about the 1st of February in one of the new stores in the Driard block. She will carry an up-to-date stock of everything in the line of millinery and ladies' wear.

The Ponoka Herald came to hand last week greatly enlarged, being a seven column paper. The Herald is bound to keep pace with the development of the town and tributary country and its enterprise is commendable.

At the Liberal convention held in Stratton on Wednesday evening, Peter Talbot, M. L. A., Lacombe, was unanimously chosen as the standard-bearer of the party in the approaching election. He will give a full report of the convention next week.

On Jan. 2nd the banks of Edmonton and Stratton posted notices stating that in future all American silver will be discounted 2%. The post-offices, railway companies and express companies have followed by refusing the stuff altogether.

Mrs. Bolton, of Leduc, came down from the north last night and went west to Victoria, B.C., to join her son there, whose bride was drowned in the recent Clallam disaster. Mr. Bolton was picked up clinging to some wreckage. He was married only four weeks ago to Miss Eleanor Gurd, of Cranbrook—Calgary Herald.

J. C. Crone, for many years manager of the Toronto Type Foundry Co.'s business in Winnipeg and well known to the printing trade throughout the Northwest, has severed his connection with that firm to become the managing-director of a new company to be known as the Western Printers Supply Co., which will handle printing machinery, type and other requisites of the newspaper and printing business.

The dramatic critics of the London papers were lavish in their praise of "What Happened to Jones." Here are some excerpts: Chronicle—"The success of the piece was never in doubt, laughter accompanied it throughout, and the audience roared its approval at the end." Advertiser—"It is a distinctly funny farce, humorous in its main theme, entertaining in its side issues and absolutely healthy in tone." Telegraph—"It is an excellent bit of fun round, smart, ingenious, well written and stuffed full of American plums of humor."—They will appear in Angus Hall on Wednesday evening of next week.

On Tuesday of last week, Mr. Safstrom, blacksmith, was bereaved of his beloved wife. She had been a sufferer with lung trouble for some time and was aged 30 years. She leaves two small children. The funeral took place from the residence of Friday, interment taking place in the Wetaskiwin cemetery. Service was held in the Swedish Lutheran church, conducted by Rev. P. Almgren. The sympathy of the community is extended to the bereaved family.
